Strategic Management (50 Marks)

Part I : Case Scenario Based MCQs (15 Marks)

Q.9 Mr. Ramesh Cleared in his Chartered Accountancy course in Nov.1996 attempt for which the result was declared by ICAI in Jan. 1997. He decided immediately to start his own practice in a small office near his home which he took on rent @ ₹ 5,000 p.m. During first 5 years of his practice, Mr. Ramesh faced very difficult times in which he was earning just sufficient amount to absorb his office expenses and meet his personal expenses.

The year 2002 was very much lucky for him because his client base increased multifold and his professional income increased substantially. Also, in the same year, he got married to Rashmi who is also a Chartered Accountant. They decided to practice jointly in the name of the firm "RR and Associates". They divided the professional work in such a way that Account and Audit requirements of client are mainly managed by Ramesh and Taxation and other matters are mainly managed by Rashmi. Both of them work in a co-ordinated manner and earned huge name, fame and wealth.

In the year 2012, they decide to expand their CA practice and open new offices in various cities and appoint new Chartered Accountants to take care of the professional requirements. They further decided to form separate divisions for dealing with separate requirements of individuals, HUFs, Firms and Companies as their client base.

In the year 2022, they decide to further expand and enter into two more divisions, i.e., stock market trading and currency management for overseas sale and purchase activities of various clients. They are handling these two areas also very effectively for last two years.

Based on above, answer the following:-
